

US IT companies including Amazon .com Inc and Google are expanding its Canadian operations. A recent announcement by Google is to open its new Canadian offices that will be able to accommodate as many as 5,000 Tech employees. it will be launching its first accelerator program in Canada, based in Waterloo, Ont., for high-potential Tech start-ups. *

This is an opportunity for the Tech workers who are seeking to migrate overseas to look for this growing IT market in Canada, that will enable them to realize their immigration plans.
